

# Certificate

968/CSA 1000.00/21

<b>Product tested</b>	Safety-Related Programmable Electronic System	<b>Certificate holder</b>	Schneider Electric Systems USA, Inc. 26521 Rancho Parkway South Lake Forest, CA 92630 USA
<b>Type designation</b>	Tricon Platform v11.x.x (Tricon / Tricon CX System) For details about released versions see appendix of certificate.		
<b>Codes and standards</b>	IEC 62443-4-1:2018 (Edition 1.0) IEC 62443-4-2:2019 (Edition 1.0)	ISASecure Component Security Assurance 1.0.0:2019	
<b>Scope and result</b>	ISASecure Component Security Assurance (CSA) (incorporating CSA 102, Errata v1.6) The system complies with the requirements of ISASecure CSA 1.0.0 - Capability Security Level 1.		
<b>Specific requirements</b>	For the use of the system the safety and security considerations as documented in the product and user guides must be considered. For details related to modules and the firmware version related to the Tricon / Tricon CX System which have cyber security capabilities refer to the Tricon Product Release Notice of the manufacturer.		

The issue of this certificate is based upon an examination, whose results are documented in Report No. 968/FSP 1104.20/21 dated 2021-04-30.

This certificate is valid only for products which are identical with the product tested.
